

# ICM-1500

The Entry Level  
without compromises  
for card mailing.

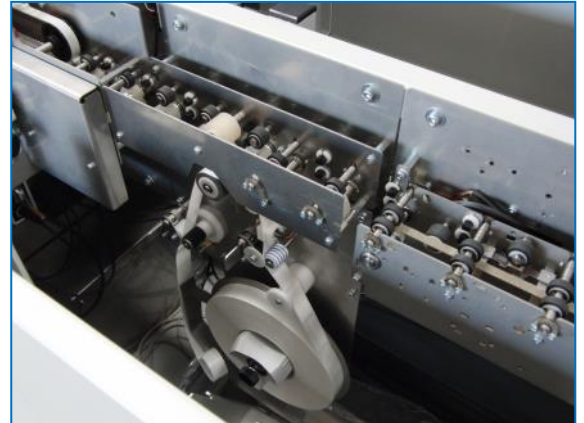

# ICM-1500

We start,  
where others finish ...

## ICM-1500

### Card Mailer and Delivery System

field-tested, robust, flexible

**Proven System.** The ICM-1500 system and its forerunner machines have been sold around 250 times all over the world since almost 20 years. It was one of the 1st single sheet mailers ever.

**Adhesive Tape.** The standard adhesive tape, which affixes the cards to the documents, gives you the guarantee that your card mailing process will run continuously without any interruption.

**Card Mailer or Lettershop.** The mailer is designated as a card mailer, but can be used as a classic document mailer as well. Working without cards is a default part of our machines and our software.

**Process Security.** Additional options, f.e. Ultra-Sonic Sensors, cameras, are able to add extra security features to the machine and the entire process.

**Match and Attach.** The system can be equipped with a typical laser printer or with a sheet feeder for match and attach.

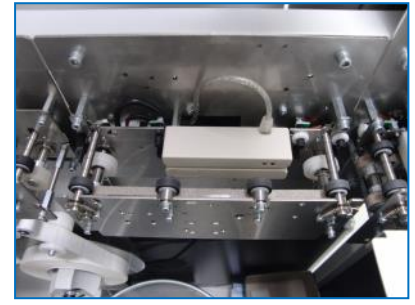

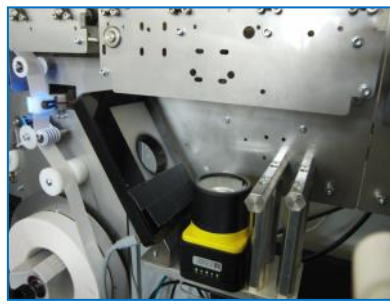

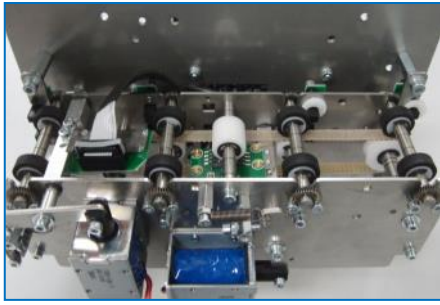

**Software.** Our self-developed Windows Software ICSPMS offers an easy Document design based on Word for Windows and supports all common Windows OS.

**Performance.** With the basic configuration you will start at 600 cards/hour and with the next step you will easily reach 1.700 cards/hour. Our modularity will support your growing demand.

**Price/Performance.** Due to its compact design and footprint, the ICM-1500 system has an outstanding price/performance ratio without any compromises.

## Key features & facts

- ▶ **Stand-Alone & Inline Functionality**
- ▶ **Production Performance up to 1.800cph**
- ▶ **Card input with changeable magazine**
- ▶ **Magnetic stripe reading (LoCo&HiCo)**
- ▶ **Contact smart card reading**
- ▶ **Contactless smart card reading**
- ▶ **Top and bottom 1D barcode reading**
- ▶ **2D barcode and Datamatrix or MRZ reading**
- ▶ **Camera reading available**
- ▶ **6 cards per carrier possible**
- ▶ **processing of plastic & paper cards**
- ▶ **Microsoft® Word Templates**
- ▶ **Carrier Collation Module**
- ▶ **Document feeder available**
- ▶ **compact design and footprint**
- ▶ **24/7 operations**
- ▶ **transparent, clear card processing**
- ▶ **flexible card positioning**
- ▶ **No card process,**
- ▶ **New range of professional high-speed laser printers**
- ▶ **Ultra-Sonic verification module for Card/Carrier check**

## Technical Specifications ICM-2000 Cardmailer & Inserter

<b>Performance</b>	Up to 2200 mechanical cycles/hrs— Production speed up to 1.800 cards/hrs
<b>Card Reading</b>	Magnetic Stripe Loco/Hico/JIS Contact Chip / Contactless Chip Barcodes 1D / 2D / Datamatrix OCR-A / OCR-B / MRZ Plain characters
<b>Carrier Reading</b>	1D Barcode standard / 2D Barcodes on request
<b>Paper Format</b>	DIN A4 / US-Letter, A5 and others on request
<b>Paper Feed</b>	Laser printer and/or sheet feeder
<b>Card Affixing</b>	Standard by double-adhesive tape,
<b>Cards per Carrier</b>	Up to 4 cards folded, up to 6 cards non-folded
<b>Folding + Inserting</b>	Z-fold + V-fold, DIN lang DL, C5/C6 and others on request
<b>Collection Method</b>	Up to 3 personalized documents can be added before folding
<b>Additional Inserts</b>	Up to 4 additional insert stations can be added Thickness up to 6 mm
<b>Software</b>	ICSPMS Software with integration of Word for Windows <sup>®</sup>
<b>Operating System</b>	Windows 7 <sup>®</sup> , Windows 8 <sup>®</sup> , VISTA <sup>®</sup> , Windows 10 <sup>®</sup>
<b>Security Options</b>	Ultra Sonic Sensors (card detection, paper detection, double paper detection, label detection) Camera Reading of Document/Card Q&A Station
<b>Special Functions</b>	Lettershop functionality Security Sealing of Envelopes Flip-over Station for cards Reject for Cards and Paper
<b>Manufacturer</b>	„Made in Germany“ by Innovative Card Systems <sup>®</sup>
